

Master Composter: Event in a Box for Communities

Are you looking to host a Master Composter training course in your community? If so, STAR can help offset some of the costs of materials by providing a box set of the required texts and publications to offer to Master Composter trainees.

Benefits of purchasing a box set from STAR:

- Receive bulk, publisher pricing for materials vs. purchasing from Amazon or another bookstore
- Avoid the possibility of an item being out or low in stock
- Save money from what you would normally pay in sales tax or shipping for the materials
- Receive all your materials for the training at one time, from one location

Event in a box pricing: \$350 for materials (including shipping) for 20 Master Composter trainees (you can provide a training for 20 people or two trainings for 10 people)

What does the box include?

- 20 copies of the *Green Guide to Yard Care*
- 20 copies of the *Rodale Book of Composting*
- 20 copies of *Home Composting Made Easy*

This equates to potential **cost savings of anywhere from \$50-\$150** for your community, freeing up funds for other training costs such as lunch, meeting space, etc. What a great deal!

Let us know if you're interested in purchasing a box set from STAR by sending an email to yardwise@recyclingstar.org or calling us at **512-828-6409**. Please allow at least **one month** before your training event to ensure materials will be delivered on time.
